THE FAIR FAIRY.
My sweetheart's hair is golden brown,
And yet it hath no shame for me.
Her teeth are like the ocean's pearls,
Dust in them is a golden sand.
Her eyes are like the bright and blue,
And full of love and light and smile.
But you'll disgrace me but wait—
I've proof against those wimsons wills.

It's proof against those wimsons wills.

My eyes, my heart, my soul are blind
To all the golden fairies face.

Her cheeks with damask roses rise

And make the very saints lose grace.

No maid or matron on this earth

Has eyes to see me, I will bound,

And I am in the shadow of the sun.

And her complexion I compound.

BRADLEY!

**The Ledger's Choice
for President.**

A DISPATCH says two hundred families in Middletown are in destitute circum-
stances and are about to appeal to the
state for aid. That's our "pork" that
should be availed, even in case of a
storm.

Governor Bradley. In declaring that
he will not call an extra session of the
Legislature, does not mind words regard-
ing the failure of that body, says the
Courier-Journal. "The people of this
state," he says, "have enough taxes to
pay without my calling an extra session
which will cost them about \$10,000,000.
The Legislature has trifled away all of
its time on the senatorial race and does
not seem inclined to transact any other
business this session. They seem to be
so concerned with the senatorial race
that they do not think of anything else,
and unless they settle down to business
quickly the session will be over and no
work for the good of the state will have
been accomplished."

The Democrats always profess great
love for the Negro—just before an elec-
tion. They even hire Negro orators to
tell other Negroes what great friend-
they are to the colored race—just to get
their votes. And they lose no opportunity to tell the Negro that the Democrats
are his friends; and the son of all is
that many of the colored people believe
them. Well, Governor BRADLEY ap-
pointed a colored man named POSTELL
to the Stewardship of the Hopkinton
Insane Asylum. It was a good position,
and the colored man was highly recom-
mended and possessed all the qualifica-
tions to fill the place. But the Demo-
cratic State Senate at Frankfort refused
to confirm the appointment! Thus the
difference between what a Democrat
promises and what he does.

Even in the wildest, most deserted por-
tions of Japan the people meet with a
way polished and exhibit the true spirit
of politeness. Kindly hospitality is met
with at every turn, and one finds good
breeding is not the monopoly of the rich
and well-to-do.

Deafness Cannot be Cured
by local applications, as they cannot reach
the diseased portion of the ear. There is only
one way to cure deafness, and that is to
have an infirmed condition of the mucous lining of
the Eustachian tube. When this tube gets
infected, it becomes ruptured, and the tube is
perfect hearing, and unless the infec-
tion can be taken out and this tube re-
stored to its normal condition, it will
be deaf forever. There is one case out of ten
which is caused by an infirmed condition of the mucous sur-
face of the Eustachian tube.

THE LEGISLATURE.

The Prospects of the Kentucky Tax Bill is
Not cheerful.

FRANKFORT, Feb. 20.—Senate—Wendover
and others, who are all in favor of the
bill to qualify January 1, was passed.
A bill to entitle the Newport school board
to the same tax as the city was
reported favorably by the committee on education.
An adverse report was made on the bill
to require the state to furnish a tax to
public schools of second-class cities to be
assessed every year.

House—Wednesday took up and
passed Mr. Hira's Bill, which will for his object
the wiping out of the present tax on
real estate property by having an ad-
ditional tax on ten cents on every 100 worth of
real estate property in the state.
The bill died in the Senate, which if it becomes
a law, will make the full rate of state
taxes 40¢, instead of 30¢, on the total
value of real estate. It appears almost
certain the bill and the fact that politics
will not permit the legislature to give
cheerful prospect for the passage of the
bill in the Senate. Several minor bills were
suspended.

THE INQUEST.

Terrible Crime—Laughter with Murder,
Criminal Death and Arson.

LEXINGTON, Ky., Feb. 20.—The cor-
oner's jury convened at the mayor's of-
fice at ten o'clock. The coroner examined
several bodies. Wednesday morning
in the three jails, one of whom was
a Negro, was examined. The coroner
had regard to the published confes-
sion of Robert Laing. The jury
returned the following verdict:

"We, the jury, believe, from all the
evidence in the case, that Sarah B.
Laing and May Jones came to their
death by an iron poker in the hands
of Robert Laing, and that he rav-
ished May Jones and burned the bod-
ies within the house."

Shot Himself With Sidelit Intern.

DANVILLE, Ky., Feb. 20.—Russell
Brock, night watchman at the Queen
and Crescent depots in Danville, shot
himself Wednesday morning to put an
end to his miseries. He is now in a
dangerous condition. The bullet passed
through his tongue and lodged in the roof
of the mouth. A colored man in an
adjoining room aroused the agent, and
Belmore told him the pistol was acci-
dentally discharged in his pocket, but
had no effect. The agent sent for a doctor
to treat over to his husband, but will hard-
ly be able to be availed.

Good Prospect for Sores.

FRANKFORT, Ky., Feb. 20.—One of
the best known fruit-growers in
central Kentucky says that the out-
look for peaches in the state this year
is remarkably good. The covering the

peaches to grow on. The state has
some authority, however, thinks the
apple crop will be remarkably short in
1906.

WAR VESSELS.

Our Navy May Be Increased by
Six New Ones.

Large Amount Will Probably Be Ap-
propriated for Rapid-Fire Guns.

Number of Torpedo Boats Recommended
by the Sub-Committee Will Increase De-
pendent Upon the Total of Warships
Estimated Men to Be Increased.

WASHINGTON, Feb. 20.—Four, and
possibly five, additional torpedo boats
will be recommended by the sub-committee
bearing in charge the preparation of
the naval appropriation bill. The number
of torpedo boats recommended will
depend on the total of warships. If there
are six battleships, the torpedo boat may not exceed
the number of four. If there are four battleships,
a large increase is not improbable in
torpedo boats.

An appropriation of several thousand
dollars will probably be
made for rapid-fire guns, to be used on
vessels under construction. The naval
appropriation bill will be introduced
in the House for this purpose, but the item was
stricken out in the Senate. It is believed
that the house bill at this session
will appropriate at least half that amount.
The amount, so far as the sub-committee
can control its provisions, will also
give to the secretary of the navy an
increase of one thousand in the force of
enlisted men. It is not believed
that it will carry as appropriation for
a new naval academy. It is estimated
that several million dollars would be
expended for this purpose.

A majority of the full committee,
it is also said, also favor six battleships.

The sentiment of the house strongly
favours a speedy building up of the
navy. There are many who say that if a
strong navy is necessary, it should be built
quickly, without regard to financial
considerations.

LENTEN SEASON.

Reasons Why It and Ember Days Are Observed.

Along with the Lenten season which began on Wednesday, are the Ember week prayers.

Among the fasts of the year Lent has the first and Ember days the second place. These days of devotion and fasting were instituted in olden times and observed at the four seasons of the year, chiefly for the following reason:

First—That Christians in their religious duties toward God might let the world know through actions that they were as devout and forward as in olden times the Jews were in this way. They observed four several and solemn times of fast in the year.

Second—These times are fruitful ones for piety and devotion to Christ. By practicing a little abstinence the Christian learns how to spend his other days in devotion.

Third—By beginning these several parts of the year with a holy, righteous and sober life it is thought that men are enabled to spend the remainder of the several seasons accordingly.

Fourth—The continuance of God's favor toward us for the fruit of the earth is also assured.

Fifth—The observance of these days is kept that we may recall and repeat the more seriously of those sins which all the seasons we have through frailty committed.

Sixth—By impressing God's mercies upon our bodies may be freed from those distempers which usually these four seasons of the year bring along with them.

Seventh—Lastly, these days were kept by the old Church. It was then the ordinary custom and is still by the imposition of Bishops to give holy and sacred orders. These orders were given by Christ and his Apostles and come to his successors. Although Sundays in Lent are not observed as fast days, the devotional tone given to them in the lessons, Litany and Gospels is clearly assimilated to that of the season and a constant memorial of it kept up.
